Unguarded edge of box booms after passing the gated area

Hazard Mitigation Strategies:

Full Body Harness: 3M DBI-SALA Delta III Construction-style Vest Harness; MSA Workman Full Body Harness; MSA TechnaCurv Full Body Harness; Sapsis ProPlus Basic Harness

Self-Retracting Lifeline (house right): 3M Protecta Rebel 33' galvanized wire rope self-retracting lifeline

Self-Retracting Lifeline (house left): 3M Protecta self-retracting lifeline

A visual inspection of all safety equipment will be done daily or before each use. Any defective equipment will be tagged and removed from use immediately. The manufacturer's recommendations for maintenance and inspection will be followed.

Emergency Contact:

Emergency Services: Dial 911

Campus Police: Dial 456 or 847-491-3456 (non-campus phone)

Injured Worker Removal:

Normal first aid procedures should be performed as the situation arises. The first aid should be performed by a staff member or other certified individual. If injured worker requires rescue, the Rescue Leader will conduct rescue operations as described in the Box Booms Rescue Plan.

Closest Phone Location: Hallway by Front Office

First Aid Kit Location: Make-up Room
